any variety of nectarines except in accordance with the following terms and conditions:

(1) Such nectarines when packed in any closed package or container, except master containers of consumer packages and individual consumer packages, shall conform to the requirements of standard pack: *Provided*, That nectarines in any such volume-filled container need only be filled to within one inch of the top of the container.

(2) Each package or container of nectarines shall bear, on one outside end in plain sight and in plain letters, the word *nectarines* and, except for consumer packages in master containers and consumer packages mailed directly to consumers, the name of the variety, if known or, when the variety is not known, the words *unknown variety*.

(3) Each package or container of nectarines, except for consumer packages in master containers and consumer packages mailed directly to consumers, shall bear on one outside end clearly and legibly in plain sight and in plain letters the words "U.S. Mature" or "US MAT" if such nectarines are mature as defined in the United States Standards for Grades of Nectarines (7 CFR 51.3145 through 51.3160); or may instead bear on one outside end clearly and legibly in plain sight and in plain letters the words "California Well Matured" or "CA WELL MAT" if such nectarines are well matured as defined in §916.356.

(4) Each package or container of nectarines, except consumer packages mailed directly to consumers, shall bear, on one outside end in plain sight and in plain letters, the following count and/or size description of the nectarines as applicable.

(i) The size of nectarines packed in molded forms (tray-packs) in the No. 22D and the No. 32 standard boxes, or consumer packages; No. 22G standard lug boxes, experimental containers; or the No. 12B fruit (peach) boxes or flats; and the size of wrapped nectarines packed in rows in No. 12B fruit (peach) boxes shall be indicated in accordance

with the number of nectarines in each container, such as "80 count," "88 count," etc.

(ii) The size of nectarines in molded forms (tray-packs) in experimental containers, and in No. 22G standard lug boxes, shall be indicated according to the number of such nectarines when packed in molded forms in the No. 22D standard lug box or the No. 32 standard box, in accordance with the requirements of standard pack, such as "80 size," "88 size," etc., along with count requirements in paragraph (a)(4)(i) of this section.

(iii) The size of nectarines loose-filled or tight-filled in any container shall be indicated according to the number of such nectarines when packed in molded forms in the No. 22D or No. 32 standard lug box in accordance with the requirements of standard pack, such as "80 size," "88 size," etc.

(iv) The size of nectarines, when packed in loose-filled or tight-filled containers, shall be marked in accordance with the following table 1 and table 2 which specify the tray-pack size designation in Column A with the corresponding maximum number of nectarines in a 16-pound sample of each size of the fruit in Column B: *Provided*, That the following procedure shall be used in determining whether nectarines meet the minimum size requirements specified for each size category in this section applying the 16-pound sample. A sample consisting of one-half of the specified number of fruit for a particular size category shall be used, provided such sample weighs at least eight pounds. When one-half the specified number of fruit in a sample results in a number ending with one-half a fruit, the smaller full number of fruit shall be used to determine the sample weight. If a sample fails with respect to minimum size requirements on the basis of an 8-pound sample, a 16-pound sample shall be used to determine if the fruit meets the minimum size requirements.

§916.356 California Nectarine Grade and Size Regulation.

(a) During the period beginning April 1 and ending October 31, no handler shall ship:

(1) Any lot or package or container of any variety of nectarines unless such nectarines meet the requirements of U.S. No. 1 grade: *Provided*, That nec-

The term "CA Utility" means that not more than 40 percent of the nectarines in any container meet or exceed the requirements of the U.S. No. 1 grade, except that when more than 30 percent of the nectarines in any container meet or exceed the requirements of U.S. No. 1 grade, the additional 10 percent shall have non-scoreable blemishes as determined when applying the U.S. Standards for Grades of Nectarines; and that such nectarines are mature and are:

(ii) Free from serious damage due to skin breaks, cuts, growth cracks, bruises, or other causes. Damage to any nectarine is serious when it causes a waste of 10 percent or more, by volume, of the individual nectarine.

(iii) *Tolerances*. Not more than 10 percent, by count, of the nectarines in any one container may be below the requirements which are prescribed by this paragraph, including not more than 5 percent, by count, for any one defect, except split pits. An additional tolerance of 10 percent, by count, of the nectarines in any one container or bulk lot may contain nectarines affected
